74 in. BUCKET WIDTH - 74.0" (1880 mm)

Bobcat S205 skid-steer loader... greater performance, visibility, comfort and value!

Greater Performance

Vertical-path lift arms deliver added performance on every jobsite:

- More lift capacity.
- More lift height and reach for truck loading.

Greater Visibility

The low-profile, vertical-path lift arm design and innovative cab enhance the operator's view to key areas during operation: the sides, front and rear corners of the loader.

Even with the optional front door, the S205 offers good visibility. As any operator will tell you, a better view of the work area means greater efficiency.

Greater Comfort

The cab is designed with the operator in mind, for optimum comfort and functionality. And with its larger opening and dual-tilt cylinder lift arm design, it's easy to enter and exit.

The seat bar pivots from the rear, providing secondary restraint protection; it's also a comfortable armrest for operators of all sizes. Plus, the worklight design doubles the amount of illumination to the work area for better operation in low-light areas.

Greater Options

- Factory- or field-installed, easy-to-read deluxe instrument panel.
- High-flow auxiliary hydraulics to operate attachments requiring high hydraulic horsepower, such as planers and stump grinders.
- Full suspension seat for all-day operator comfort.

Greater Value

Couple these features with proven power, smooth ride and vertical lift path capabilities and you've got a skid-steer loader that delivers top performance, no matter what the job. Get in the seat of a S205 today for a great view and an even greater value!

S205

2050 LB.
Rated Operating Capacity

118.2 IN.
Lift Height

61 HP

Turbo-Charged, Liquid-Cooled Diesel Engine

Optional Deluxe Instrument Package includes:

- Multi-language capability
- System diagnostic capability
- All gauges read in metric or English units
- Feature lockouts
- Keyless start security
- Digital and job clocks
- Help screens
- Attachment information

NOTE - Where applicable, dimensions are in accordance with Society of Automotive Engineers (SAE) and ISO standards. Specifications and design are subject to change without notice. Pictures of Bobcat loaders may show other than standard equipment. All dimensions are given for loader equipped with standard tires. All dimensions are shown in inches. Respective metric dimensions are enclosed by parentheses. Bobcat Company complies with the requirements of ISO 9001 as registered with BSI.

¹ Operating capacity rated with standard digging bucket according to SAE standard J818 - OPERATING CAPACITY TO EQUAL NO MORE THAN ONE HALF THE TIP LOAD.

² Bucket positioning helps operator keep the same tilt of the load during lifting.

³ Includes Lexan front door, top and rear windows.

⁴ Special applications kit (see #3) must be used.
